*Demonstration for the abolition of detention prison Pforzheim
Sunday October 2nd / 2 pm / detention prison Pforzheim (Anshelmstraße 58)*

Racist motivated deprivation of liberty

We will demonstrate this Saturday against the detention prison in Pforzheim. Without committing any crime innocent people are imprisoned. For detention, it is already enough for the Ausländerbehörde to suspect that a person could “complicate” their deportation. According to the statistics of a lawyer, half of the detainees are in prison illegally. This is a scandal.

Blackbox detention prison

The people report of insults, rejection of much-needed medication and violent assaults. There are no possibilities to complain, no independent counseling, hardly any access to lawyers. Smartphones are forbidden. Persons can be isolated in a „specially secured room”. There, they must wear prison clothes and are not allowed to change them nor to shower. Fixations take place. It’s impossible to control what happens behind the walls from the outside.

Abolish detention prisons

The government of Baden-Württemberg supports the detention prison and wants to reform it. We don’t just want improvements in the prison. We demand an end to this racist practice. Close all deportation prisons! No deportation! Fleeing is not a crime!
