

# With the Solibus to the Action Days on 9/10 December 2022 in Geneva!

Dear friends and comrades,

On 9 and 10 December 2022, a protest action as well as a demonstration will take place in front of the **UNHCR headquarters in Geneva** to support and to amplify the demands of [Refugees in Libya](#).

The call as well as a **rough timetable** of the action days can be found on the campaign' site: : <http://unfairagency.org/call-to-geneva/>

For these action days, the **Solibus will travel from Berlin via Frankfurt/Main and Freiburg/Breisgau** to Geneva and back.

The number of seats is **limited to 50 people**. We kindly ask for early and binding registration (see below).

Departure is on Thursday, 08.12.22, at 8am from the Ostbahnhof in Berlin; a stopover in Frankfurt/Main is planned at around 3pm with the possibility to join the bus. Afterwards, the tour will continue to Freiburg/Breisgau, where a collective overnight stay is in preparation. On Friday, 09.12.22, at 6am in the morning we will continue the trip to Geneva in order to arrive in time for the press conference that will take place at 11am, followed by a sit-in in front of the UNHCR headquarters.

We aim to find collective sleeping places for our time in Geneva. We will circulate updates on that before the end of November. The return journey will start on Saturday, 10.12.22, after the demonstration at around 5pm. We will travel back to Berlin with a short stop in Frankfurt/Main as well as Freiburg and expect to arrive in Berlin by Sunday morning.

All participants are asked to bring their own sleeping bags and mats for the overnight stays. Also remember to bring warm clothes, as we will be spending quite some time outdoors in Geneva.

Those who have the financial means, are kindly asked to contribute between 30.00 and 50.00 euros towards the travel costs.

Binding registrations - under compulsory indication of a telephone number - shall be sent to the following address: [solidaritywithrefugeesinlibya@riseup.net](mailto:solidaritywithrefugeesinlibya@riseup.net)

Further background information on the action days can be found here:
