

Campaign against deportation from Baden-Airpark

Central demonstration against deportation

On 8th may 2010, 2 am, Karlsruhe, Friedrichsplatz / Erbprinzenstraße.

In the last 10 years thousand of migrants got deported in their country of origin with help of violence by the police via Baden-Airpark. The reason for the deportations is a racist and on isolation orientated European policy of migration. "Strangers" get portray as a threat and accordingly identity. It seems that they don't match in the economic draft of the German plc (public limited company).

The Deportation-Airpark is hub for charter deportations even from numerous Roma families and other minorities in the countries of Ex-Yugoslavia. Every month deportation-flights take regularly place, walled of on the old terminal, from Baden-Airpark. While holiday-maker go on their trip with the "Mallorca-Shuttle" or fly with the no fills airline Ryan-Air to Bari in south Italy, people get deportated to Kosovo for a life in misery. Before many of the deportated people were penned in the deportation jail in Mannheim, because they don't want to leave the country voluntarily.

Two airlines, Air Berlin and Hamburg International (HHI), which are active at the Baden-Airpark, are known that they join this shady business of deportation. In February the regional council of Karlsruhe organized a deportation-charter of Hemus Air (Bulgaria Air).

On the internet page from the Baden-Airpark you find many information and data but nothing about those, who get remove from Germany with executive power. The person who runs the Airport knows that this isn't a good advertisement for their business.

They should know that we will break the silence. We demand the Baden-Airpark and the responsible airlines to retreat from the business with the deportations.

Since the 1th January, under the residence- and asylum responsible bylaw (AAZuVO) the regional council of Karlsruhe is the central department in Baden-Württemberg for the organisation and carrying out from residence ending measure responsible. Practical Karlsruhe is in the immediate vicinity of the Deportation-Airpark, from which the regularly deportation-charter starts.

Let us organize a powerful demonstration against the regional council and the Baden-Airpark!

Who wants to stay is to remain!
